**LOCAL MATTER.**

**E. C. WOODSON, City Editor.**

**LOCAL BRIEFS.**

A base-ball match game will come off at the Fair Grounds this afternoon.

The hackmen of this city have been doing a "driving" business this week.

Our streets have been quite crowded for several days past by visitors to the Fair.

Remember the Conservative and Liberal Republican meeting in Johnston comes off at Smithfield on the 19th inst.

The soiree at St. Mary's last evening was one of the most brilliant and charming that has ever taken place in our city.

See the notice of A. W. Shaffer, who advertises that all persons indebted to the late firm of Doepp & Jones will make payment to him.

Our merchants have been doing a good business this week. They should by every possible means encourage the State Fair, as it annually brings many thousands of dollars into the city.

Let the people of old Johnston remember that Col. Geo. V. Strong and Capt. S. A. Ashe, will address them at Smithfield, on the 19th inst., in advocacy of the claims of Greeley and Brown.

The plowing match upon the Fair Grounds yesterday attracted a good deal of attention with the farmers who witnessed it. We should like to see this portion of our agricultural exhibitions rendered more popular.

We have added largely to our subscription lists this week. We would be pleased to serve thousands more of the readers of North Carolina with the Daily and Weekly News. Our mailing books are large and ample.

We learn that, as a result of the late mathematical pyrexia exhibited by our young friend Syme in the matter of harps, that he has been offered and accepted a position as professor of mathematics in one of the leading female colleges of the State. We wish him joy.

We noticed an interesting and sentimental scene in one of the halls at the Fair Grounds yesterday. A young gentleman had secured a quiet retreat for himself and a lady, in a sequestered corner, and was earnestly engaged in reading to his audience of one some pathetic extracts from John Robinson's hand circular. We'll bet that he will spend his dollar.

**METROPOLITAN HALL.**—The finest musical concert ever given in Raleigh, was that of the Pomeroy-Snedair troupe at Metropolitan Hall last night. We sincerely regret the slim attendance, and do not believe that our citizens knew the character of the entertainment, or every seat in the hall would have been occupied. The appearance of Miss Pomeroy was greeted with rapturous applause by the small, but select audience, and her capital rendition of the beautiful songs almost entranced the audience. She received a deserved encore on every appearance. The youthful prodigies, Masters Cornu, in the violin duet, were called back even a third time. Snedair, said to be one of the best male vocalists on the American stage, was *au fait* in the rendition of this song, and elicited rounds and rounds of applause.

This excellent troupe will appear on our boards again this week, due notice of which will be given through the columns of the News. This is decidedly the finest musical entertainment we have ever visited, and on the next appearance we believe they will be greeted with a larger house.

**TUCKER'S HALL.**—As was expected, a full house greeted Rose and Harry Watkins last evening, and the expectations of all was fully gratified by the manner in which the beautiful and touching play of Katy Darling was presented, and the repeated applause of the audience testified how much they appreciated the really fine acting. In the latter piece, "The Adventures of a Love Letter," the audience was kept in a continued roar of laughter, almost painful, but which could not be resisted, owing to the inimitable drollery of Harry Watkins.

**BEAR AND DOG FIGHT.**—This fight for one thousand dollars did not come off on Thursday, but will take place to-day at 4 P. M. Tickets can be obtained at the City Hotel.

**ODD FELLOWSHIP.**—M. V. Gilbert was, on last night, installed as Recording Secretary of Boston Gates Lodge, No. 64, of this city, to fill a vacancy.

VOL. I.

RALEIGH, N. C. FRIDAY MORNING, OCT. 18, 1872.

NO. 167.

## THE STATE FAIR—3RD DAY RACES.

Early yesterday morning the city was thronged with strangers from every section of the State. Hacks, carriages, omnibuses, buggies lined Fayetteville and Hargett streets, and so crowded was the main thoroughfare to the Fair Grounds, that many were compelled to go by circuitous routes for comfort and convenience. We arrived on the grounds at 12 o'clock, but as we met so many friends and strangers, we did not have time or opportunity to observe and notice the many new entries that were made since our last report. We unintentionally omitted to notice on yesterday the family baking powders, perfumery, soaps and extracts, manufactured in this city by our enterprising druggist, J. R. H. Carmer. His baking powders have a reputation with consumers of this section over and above all others, and, notwithstanding they have time and again received the first premium, yet they are fairly entitled to it again.

We observed in Floral Hall a couple of beautiful and elegant Tydies, entered yesterday, the handiwork of Miss Lucy Massenburg, of Franklin. As there are at least a dozen contestants for the same style of work, we forbear an expression of opinion; besides it is not our say. The show of poultry is very good.

We observed some unusually fine book work, exhibited by our old friend Sherwood, Route Postal Agent on the North Carolina Railroad.

Among the curiosities exhibited, are a pair of pet rabbits, exhibited by little Mary Menninger, only seven years of age, the beautiful little daughter of Dr. H. J. Menninger, Secretary of State; a beautiful rustic chair and cover, the handiwork of Mrs. Charles D. Heatt, of this city; the blooming night blooming cereus, exhibited by Pescud, Lee & Co.; the "air plant" of Miss Helen Litchford, and several other articles, a notice of which is precluded by time and space.

The annual address of General Cox was delivered from the speakers' stand at 12 o'clock. As we propose hereafter to revert to his excellent address, we only say that this distinguished orator sustained his well-earned reputation, and told what he "knew about farming" so well that his audience might well have thought that his life had been spent at the plow handle.

The General's experience in farming is by no means limited, though he has been a soldier and now a lawyer. The General owns one of the finest farms in the State, raising large crops to the acre, and clears more money on it than any farmer in the State. This is saying a good deal, but we are prepared to hold our position.

The races came off immediately after the address of Gen. Cox. First Race—Mile heats, best 3 in 5 to harness, \$75 to first horse, \$75 to second, and \$50 to third. Three or more to enter. Two to start.

The entries were 1st—Roan horse, Loafar, by Joseph Haywood, Esq.; 2nd, Bay horse, Twist, by E. Paxson; 3rd, Bay horse, Top, by D. T. Harvey.

All the horses made a fair and even start, Twist taking the lead, Loafar following and the brown horse bringing up the rear; before passing the judges stand on the first round Loafar passed Twist and gained steadily till near the last quarter, when Twist made a desperate effort for the lead. At the distance stand on the home stretch both horses were nearly necked, but Loafar passed the Judge's stand a half length ahead, making his mile in 2:44; Top was beaten by Twist about 6 lengths.

Loafar also won the 2nd and 3rd heats in 2:39 and 2:40.

The running race was one of no interest to the spectators. Two horses were entered. Jack Rouleau, by Jas. Norwood of Hillsboro, and Brown Top, by Wm. Faucett, of Orange.

Jack Rouleau, disengaged his competitor on the first heat under a heavy pull, and the race was ended.

For programme to-day, see notice elsewhere.

**OLD JOHN ROBINSON'S SHOW.**—If success is a duty, no man is more worthy of patronage than old John Robinson, whose old slouched hat always well brushed, and shading the best kind of Partiga which he puffs with a gusto infinitely sublime, that betokens an evidence of tranquility only superinduced by the proud satisfaction that he has pleased all.

For forty years old John the king of the stage has been before the people. His brilliant success gives goodly evidence of that refined taste of an intelligent public, and why? Because he blends nature with art, a combination that is calculated to impress, instruct and amuse.

The anxious expectations evinced by our people is a goodly evidence that the efforts of Mr. Robinson will be most substantially appreciated, by those who have known this man for years as a tower of strength among all who delight to witness the feats of noble horsemanship, the reckless daring of the gymnast, and the grace and elegance of the performance generally.

John Robinson has a taste for refinement, and he precludes anything like vulgarities of any kind being tolerated in any exhibition he has ever controlled, and this of itself makes assurance doubly sure that true merit will tell.

**HARRY MCCARTHY.**—This great Southern favorite, known as the Arkansas Comedian, is billed for this city on the 21st, 22nd, and 23rd.

Tucker Hall has been engaged for the occasion by Mr. W. R. Hayden, under whose management will appear Signor Logrenia, the most celebrated wizard, and Harry McCarthy, known all over the Southern country for his wonderful versatility, and M. O'Reardon, who gives his inimitable performance on the "water flute." Connected with this entertainment there is a collection of trained birds, and a Russian cat, which has made his appearance before the crowned heads of Europe.

An interesting discussion took place in reference to rotating the State Fair to different places in the State, which was finally closed with the adoption of the following resolution, offered by Gen. Barringer.

Resolved, That the Executive Committee of the State Agricultural Society be instructed to take the necessary measures to enlarge and improve the present grounds and buildings by the purchase of additional lands and the erection of new buildings suitable for the purposes of the State Fair; and if this be deemed impracticable or inexpedient, then to purchase a new site and improve the same, contiguous to or near the city.

It was further ordered that the Executive Committee be requested to meet at the Fair Grounds this morning at 9 o'clock.

**THE WELDON FAIR.**—We acknowledge the receipt of an invitation to attend the Fair of the Roanoke and Tar River Agricultural Association, which commences on the 29th inst. We are pleased to learn that the prospect for a good exhibition there this year is good. The Weldon Fair has equalled any of its sister Fairs in this State during the two years of its existence, and those who have the matter in charge anticipate a still greater success this year.

The National Board of Trade convened this morning and considered a resolution of the Buffalo Board of Trade to the effect that if any proposition entertained by the National Board, looking to the national appropriation in aid of any works within the limits of any particular State, if it should first be shown that such a State was ready to resign all jurisdiction over such works to the general Government. The Board discussed a proposition to give the Central Erie Canal to the general Government, and tabled the subject. The Committee on gambling in trade presented a report condemning the system of trade which substitutes reckless gambling for fair dealing, and calling on banks to discourage loans to parties engaged in "cornering" by exchanging such securities as will confine their transactions within their own means. The Branch of the Richmond Board of Trade presented in a minority report condemning cornering in stocks, gold and grain as dishonest, and injurious to national character.

Fairbank, of Chicago, objected to the word "dishonest," and doubted whether they could stop it, as it is gambling, and gambling will always go on. Several delegates denounced the pernicious system of trade in cotton carried on in Pearl street, by which sometimes three times as much cotton is sold in old day as there is in the country. The majority report was carried.

## FIFTY BLANK WARRANTS.

We published a few days ago a copy

of a letter which had been furnished us,

written by one Calvin Cox, a Radical of

Pitt county, to Marshal S. T. Carrow,

giving the names of certain persons

whom Cox charged with being disor

derly, asking that warrants be issued

for their arrest, and requesting that the

Marshal send fifty additional blank war

rants, as there were several other in

dividuals in Pitt who were not named,

but upon whom Cox was anxious to

visit his direful vengeance.

We do not know whether the blank

warrants were issued or not, but pre

sume they were, as over thirty highly

respectable and honorable citizens of

that county were subsequently arrested,

and taken to Goldsboro, where they

had a hearing before United States

Commissioner Robinson. Upon exami

nation, they were all unconditionally

released, no evidence whatever being

adduced against them, to show any

violation of the laws of the United

States, as charged by Cox. The Com

missioner, who is a Republican, as we

learn from some of the prisoners them

## rights and liberties when they see daily

the strongest safeguards of the civil law

ruthlessly trampled under foot?

Do they not see in the continued

ascendancy of the Grant party any

danger to free institutions?

Will they not protest against legal

ized tyranny and oppression by going

to the polls in November, and voting

to death a party which is lost to every

sense of Constitutional obligation—and

lost to every principle of political virtue

and popular freedom?

People of North Carolina, it is a crime

for you to stay at home on election day,

and suffer your State to endorse the

atrocious crimes against civil liberty

committed by the Grant Administra

tion!

## NOT THREE WEEKS.

We have less than three weeks to

work in the Presidential contest. In

less than three weeks will be decided

one of the most important National

struggles this country has ever witness

ed.

It is for the people to say which shall

triumph—civil government or military

despotism. The choice is theirs to make.

The destiny of the Republic is in their

hands.

We cannot believe that a majority of

the voters of the country approve

President Grant's Administration. We

believe it to be far otherwise. And there

fore we say it is in the power of friends of

the reform to win the battle if they will

only come out in the majesty of their

strength, and vote down Radicalism.

Will they do it? Will enough of them

stay away from the polls to lose the

day? Will they, by inaction and apathy,

aid the Radical party in fastening

upon the country four more years of

despotic rule and mal-administration?

It is in our power to achieve the vic

tory now. The results in Pennsylvania

and Ohio may be converted to our ad

vantage if thereby our friends may be

induced to press on the more vigorously

in the race.

We have but a few more days to

arouse the masses, to organize our forces,

to prepare for the combat, to have our

troops in line.

Not three weeks! The fate of the na

tion is trembling in the balance!

The people, the free, sovereign, inde

pendent people of America, are to say

whether they will sanction IMPERIALISM

## The Executive Mansion.

The Executive Mansion is intended

as the residence of the Governor. All

of Governor Holden's predecessors used

and occupied it as such, from the

time it was first erected down to the

administration of Governor Worth, if

we are not misinformed. There

the Chief Executive of our State held

and dispensed the hospitalities as be

came Governors of a noble and gener

ous people.

When Gov. Holden was elected, he

continued to reside at his private resi

dence, because perhaps it was comfort

able and more convenient to him.

But there is no reasonable excuse why

Governor Caldwell should not occupy

the Governor's palace. His residence is

in Morganton, and therefore he cannot

give the same excuse as Governor

Holden.

Gov. Caldwell is boarding at a private

boarding house, and the Mansion is not

used by him at all but is occupied by

a private family, who, we believe, pays

rent for the same.

We have frequently heard Governor

Caldwell censured for turning over the

people's building, intended for the peo

## The Liberal Gains in Ohio—The

State Claimed for Greeley.

The Democratic State Committee of

Ohio have issued an address to the

Democracy of that State in which the

following passages occur:

"The result of last Tuesday's election

shows that Ohio lost by the failure to

poll the usual Democratic vote. Mort

ifying as is the fact, justice to the Lib

eral Republicans and an earnest desire

to retrieve the misfortune require us to

unite in our chief towns. The Liberal

strength exceeded our most sanguine

estimate, and in the country fell short

of the aggregate vote of the Liberals in

the city and country who voted our

State ticket. This added to our Dem

ocratic vote in 1868 would have over

come the Grant majority at that elec

tion and the Democratic vote combined

and giving us the victory. Can we re

pair the mischance? We can. Four

hundred of the Democrats who stayed at

home last Tuesday can be induced to

vote for Greeley in November. Those

who absolutely refuse to go to the polls

will be counterbalanced in numbers by

those Republicans who went against us

last Tuesday, but will vote for Greeley.

We have only to poll our usual Demo

cratic vote to snatch from defeat a glo

rious victory. Liberals stretch forth

the hand; shall we refuse to take it?"

Democrats, your union with the Lib

erals in Ohio has not been fruitless! It

has given Hamilton county by near

6,000 majority, which secures the con

stitutional convention and the Legisla

ture and a United States Senator—

Should both Ohio and Pennsylvania go

for Grant the chances are still in favor

of Greeley's election. If Connecticut,

New York, New Jersey, and Indiana

are added to those border and Southern

States which are certain for Greeley,

this will give him a clear majority. We

have already, by a glorious and aggress

ive fight, forced the Grant party to its

knees, and can conquer it in November.

Fellow Democrats, work till November,

heartily and hopefully. The Liberals

will take care of themselves. Let the

Democratic county committees get lists

of those Democrats in the cities and in

the townships who failed to vote last

Tuesday, and direct their efforts to

them. Bring out this van-guard vote,

and the fight is won in Ohio and the

Grant Republicans beaten."

## The Liberal Republican Committee

of the same State has also issued an

address, in which it is said:

"We have met an army of veterans,

flushed with years of victory; supplied

to repletion with all the weapons that

a party in power could furnish, with all

the resources of a great Government at

command, and yet in our first onset

victory crowns our banners. It has

been conceded upon all hands that the

loss to Grant in October of either of the

three great central States then voting

would be victory for Greeley in Nov

ember. Indiana is ours, and Ohio can

be made ours; and it only remains

now to gather promptly the fruits of

victory. Ohio has done nobly. Grant's

majority of 40,000 in 1868 has

been cut down to a beggarly

10,000 in 1872 upon the

first onset. We have carried eight

members of Congress out of twenty-one

—a clear gain of three from the strong

hold of the enemy, and in spite of the

most outrageous distorting bill ever

passed by a Legislature to gerrymander

a State. Greeley and Brown are 20,000

votes stronger in Ohio to-day than any

man upon our State ticket, and hence,

if we do our duty, the State can be

carried like a whirlwind in November.

That our success on Tuesday is not a

STATE MATTERS.

First frost in Wilmington Tuesday morning.

Fug business of Halifax and Guilford is good.

House thieves are depredating in Davidson county.

The Episcopal Church in Halifax will have a regular pastor.

There were nine colored funerals in Wilmington on Tuesday.

Cotton brought 174 cents in the Charlotte market on Tuesday.

GEN. M. W. RANSOM was confirmed in Weldon on Saturday by Bishop Atkinson, so says the News.

A house railroad is being constructed between Scotland Neck and Smith's Landing, in Halifax county.

A negro man was drowned in Sturgeon Creek, near Wilmington, on Saturday night. So says the Star.

The Durham Tobacco Plant complains of a scarcity of postage stamps at that place. Ten cents apiece are being paid for them.

Tim Weldon News learns that the ladies of that section are making a great many articles of "linery" for exhibition at the approaching Fair at that place.

The Wilmington Star announces the death in that city, on Tuesday night, of Mr. W. T. Brown, an aged and highly respected citizen of Wilmington. He died of apoplexy.

The Charlotte Fair, it is thought will exceed any former efforts. Grand preparations are being made for it by the citizens of Charlotte. It commences next Tuesday.

The trial of Gen. Leach, on a trumped up charge of Ku Kluxism, has been postponed, as might be expected, to the next term of court—and then will very likely be dropped as a played out farce. So says the Greensboro Patriot.

There will be special trains from Petersburg to the Weldon Fair, commencing on the 20th inst. Fares for the round trip \$1.00. The Raleigh & Gaston Road will pass persons to and from the same Fair at two cents per mile each way.

The Charlotte Observer says that a boy in Western North Carolina, some time since, put the lighted stump of a cigar into his coat pocket, where he had previously deposited a paper of powder. Sitting has been no comfort to that boy for weeks.

The Weldon News says: "Mr. J. F. Spelman and family left here on Saturday morning last for the El Dorado of the West, (Colorado). They leave behind them many friends and relatives, but carry with them the best wishes of the community. We understand Mr. S. has an idea of merchandising out West. They dislike Colorado as the family will go to California."

A STORE in Greensboro would have been robbed a few nights since, but for the merchant drawing a bead upon four colored men who were found under circumstances too suspicious to admit of a doubt. The next morning it was ascertained that "a man and brother" had been accidentally shot in the leg. So we learn from the Patriot.

Says the Wilmington Journal: "The Fair of the Raleigh and Gaston Agricultural Society begins at Weldon on Tuesday, the 20th inst., continuing four days. The officers and executive committee have labored hard to make this one of the most attractive of the many Fairs to be held in the State this Fall, and the indications now are that it will be very successful. The premium list is liberal and extensive, and every department of science and of skill has had full attention."

The Greensboro Patriot says: "We learn of the sudden death of an aged woman near Lenox Castle, Rockingham county on last Friday. It seems that she showed signs of bruises which led to a coroner's inquest and the arrest of her companion who occupied the house with her. They were both named Smithy, the deceased 83 and the other 96 years. Our informant thinks the bruises were occasioned by falling and that there were no good grounds for charging the companion of the deceased with foul play."

We learn from the Greensboro Patriot of the sudden death, on Friday night last, of Joshua Whitesell, of Alamance county. He had been turning the shelter and stopped to rest, and remarked to the boy who was assisting him that he would feed and let him (the boy) turn. After turning some time the boy noticed him leaning over the shelter and remarked to Whitesell that he had better begin—he paid no attention to the boy, who stopped and found him dead, standing beside the shelter.

The Greensboro Patriot refers to the little "cussing" scrape that recently occurred in that place, in which Supervisor Perry came out second best. A sensation was created on the streets last Wednesday afternoon. It seems that Geo. Arnold had been the Supervisor Perry, who is familiarly known in this latitude as "Long Perry," had been criticizing somewhat sharply Arnold's political course, whereupon he proceeded to give vent to his opinion of Perry on meeting him in front of the assessor's office. The opinion was couched in language very forcible, and not of the most complimentary order, the phrases used being such as are not found in Webster's unabridged or any other standard dictionary. In ordinary parlance it is what would be designated an energetic "cussing," to all of which his Supervisorship submitted very quietly."

Prime Minister Zorrilla told the Spanish House on Saturday that no reforms could be introduced into Cuba while a single man remained in arms against the government.

The young men of Terre Haute have worn a hole in a Brussels carpet with their knees, and still show heart-whole.

The yacht Marguerite, a vessel of only five tons burden, will soon sail from the Sein for New York.

Conference of Leading Democrats and Liberal Republicans at the Spindler House—The Prospect for November.

A council of leading Democrats, including seven members of the National Executive Committee, and a dozen or more distinguished politicians was held at the Spindler House yesterday.

Among those present were Messrs. Augustus S. Hall, of New York; E. S. Alford, of Illinois; J. C. Thompson, General Brickerhoff, and George W. McCook, of Ohio; M. W. Ransom, the only Southern representative present; C. H. McCormick, of Illinois; ex-Governor Randolph of New Jersey; W. A. Moore, of Michigan; P. O. Prince and General Banks, Massachusetts; Henry W. Slocom, Samuel J. Tilden, and Senator Reuben Fenton, of New York; William F. Phillips, of Illinois; John A. Finch and Mr. Dowley, of Indiana; and Mr. Campbell, of New Hampshire.

It was claimed by Ohio representatives that from 6,000 to 8,000 Liberals refused to vote for a candidate at the late election, and in the lower tier of counties there from 3,000 to 4,000 Democrats who voted for Mr. Greeley unless persons exertions of leading Democrats induced them to do so.

It was stated that Wash. M. n. George Pendleton, and Senator "man had agreed to enter upon a canvass of the doubtful districts.

The German vote in Illinois was reported as being 80 per cent for the Liberal ticket, probably owing to the fact that the candidate for Governor on the ticket was a German. It was expected that their vote will decide the contest in favor of Greeley and B.

Mr. Ransom, of North Carolina, reported that the result of the election in Georgia had inspired the whole of New York, and that the connection of given up the contest the Liberal ticket would be a unit for Greeley.

He was apprehensive, that New and Connecticut were rendered doubtful by the result in Pennsylvania.

Messrs. Tilden and Schell, however, made the most positive and assuring statements of the ability of the Democratic side to carry the 600,000 votes.

Y. which Convention was assured by the result of its own late town elections.

The entire committee was of opinion that New Jersey was safe, though Governor Randolph said that there had been a considerable importation of negroes into the counties bordering on the railroads.

Wisconsin was announced for Greeley amid much doubt, and hesitation on being asked how it was to be carried, the Milwaukee delegate declared "that Milwaukee alone will do it."

In his state, the Germans were thoroughly aroused as in Illinois, though they had no such incentive to exertion as a candidate on the Liberal ticket.

The effect of the October election was not so depressing at the West as here, because no such exaggerated hopes of success had been indulged in there. —New York World of 15th.

The Outrage in Raleigh.

We have no desire to charge such atrocities as the destruction of the office of the Raleigh Sentinel upon the Radical party. It would be scandalous to Americans to believe that any considerable proportion of Americans advocated or acquiesced in an outrage so detestable that nothing but clear proof ought to make even an opponent charge it upon a party. But the shallow sneers of such papers as the New York Times are even more out of the place in the consideration of such a fact. In no city in New York or New Jersey or Pennsylvania would an outrage like this have been possible, let alone perpetrated from political motives. And this outrage is beyond all question the result of political animosities. The men, then, who are ultimately responsible for this outrage are the men who have made the condition of North Carolina to differ from the condition of New York and New Jersey and Pennsylvania, and these men are the leaders and the legislators of the Republican party. When in any community a power is set by its temporary governors above the law, those governors are responsible for all the lengths to which the lawlessness will go. It is still worse with those who, in the words of Scripture, have decreed injustice by a law. That in respect of North Carolina, Congress has done. And the small minority of North Carolinians, native and imported, whom Congress commits the government of the State, having been compelled, in order to preserve their political existence, to perpetrate the injustice by which they profit and subsidize, must be aware of the enormity of what they are treating. It is this knowledge which causes to be committed in the interest of that party, which began its existence to suppress every utterance against its own blunders and crimes. And of such is the attack upon the Raleigh Sentinel.

A SAD TRAGEDY—AN INFANT HUNG BY THE NECK UNTIL DEAD.—William Sands and his wife are poor people, living on Copper Ridge in this county. On Thursday last this couple had an infant about one year old, Mr. and Mrs. Sands went out that day into a field near the house to bind food, leaving the three children, the eldest of whom was not yet three years old, in the house. In about twenty minutes Mrs. Sands returned, and was horror-stricken to find the infant hung to the back of a chair—dead. It appeared that the baby had climbed up on a chair to the top, and in getting down again from the bed it slipped caught in the projecting upright of the back of the chair, which as the infant tried to get on the chair, pushed up through the slip to the neck. The button held on the light weight of the infant not being sufficient to tear it away, and as the feet of the baby could not reach to the floor, the sad result was that it soon suffocated. The other two children were too small even to know of the danger which quickly ended the life of their little brother. —Knoxville Press.

THE TWO STREAMS.

Behold the rocky well  
That down its sloping sides  
Pours the swift rain-drops, bleeding as  
they fall,  
In rushing river tides.  
You steam, whose sources run  
Turned by a pebble's edge,  
In Athabasca, rolling toward the sun  
Through the cleft mountain in leige.  
The slender rill had strayed,  
But for the slanting stone,  
To evening's ocean, with the sun-led brook  
Of foam-flecked Oregon.  
So from the heights of will  
Late's parting stream descends,  
And, as a moment, turns its slender rill  
Each widening torrent bends—  
From the same cradle's side,  
From the same mother's knee,  
One to long darkness and the frozen zone,  
One to the peaceful sea.

TWELVE SUPERIOR SHOWS IN ONE.

All for a Single Price of Admission.  
In the collection and organization of the  
Museum the utmost care has been taken to  
gratify and enlighten the public by present-  
ing in one vast Assemblage an accumula-  
tion such as has never been attempted or  
dreamed of by the combined talent, talent  
spectacular, never before witnessed in the  
annals of amusement enterprise either in  
this or any other age, of

Agents, who are found in almost every part  
of the world, have been actively employed  
in procuring curiosities for his Great Trav-  
eling Show. Some of these were put on  
exhibition for the first time last year, but  
they have been largely supplemented for the  
present season by new acquisitions and  
consignments brought by almost every  
steamer from foreign Ports which has ar-  
rived in New York for the past eight months.

As an illustration of the Indomitable En-  
ergy of the well known Proprietor of this  
establishment, it may be well to remark  
that the Exhibitions of the Museum, in  
Asia, Africa and America, with the sub-  
divisions of China, Japan, Australia, the  
Polynesian Islands, South America, Brazil,  
Turkey, Spain, Sicily, Egypt, the Pacific,  
Arctic, Indian and Atlantic Oceans, to-  
gether with the Red Sea and Holy Land, have  
all been lived into, contributing to swell  
the aggregate of this single Department,  
which, after the constitution of a money of  
all that can be seen.

It is estimated that in the Aquarium,  
Museum, Menagerie and Caravan there are  
Twenty-Thousand Curiosities.

This Stupendous Combination has been  
brought together at an actual cost to the  
Proprietor of more than a million of dol-  
lars; which is ten times more than was ever  
invested in a single Show. The curiosities  
of the several departments are an amazing  
collection of the most valuable and interest-  
ing objects from the realms of Zoology,  
Ornithology, Geology, Ichthyology, Con-  
chology, Entomology, Anthropology, Me-  
chanics, Numismatics, Science, Statuary,  
Art, and all the departments of the great  
Exhibition, and challenge the admiration not  
only of naturalists, but of poets, statesmen,  
philosophers and all who are interested in  
the progress of the human mind.

Parents, Sabbath and public school teach-  
ers should bear in mind that no public Ex-  
hibition ever included in the same affor-  
dable space, so many of the most interest-  
ing and valuable objects of the human mind.
